6 cars at a time, 10 laps per group. Once you are done your 10 laps, return to the pits. Do not try to line up again for the practice session. The idea is to run through the classes quickly, so we get more opportunities on the track.

Get in line early and be ready to go. Gloves, suits, full-face helmets are always mandatory on the track. You will be black flagged if you are missing safety equipment.

As the day progresses, we may cut laps due to car counts to get through the groups.
